

DISL Automatic – The Sound Of Freedom

[HOOK]

This the sound of freedom, can't join 'em then beat 'em
You can't follow 'em then lead 'em
They said I'd never make it but I didn't believe 'em
Yeah I'm still breathing, I'm here and I'm not leaving
Even if the ground crumbles and the sky falls
I will never give up, I just give it my all
Even if the ground crumbles and the sky falls
I will never give up, I just give it my all

[Verse 1]

This is what I live for, this is what I die for
His is what most people look up to the sky for
But I'm more intelligent than that
Plus I've been to hell and back
So I never meet a map to lead me to where heaven's at
It's right here inside of me, I don't try to be I am
A rhyming anomaly I don't gotta use a pen
I tune into the frequency and channel my rhymes
Only human but as you can see your man is divine
Like every human being check out the view I'm seeing
A future world where ain't no struggling for you and me and
Everybody else a world full of plenty wealth
And healthy people who are able to depend on self
Now no longer are we doing bad
That's the dream that Martin Luther King Jr. had
And that dream lives on
If you're seeing the vision
Then help me sing this song

[HOOK]

This the sound of freedom, can't join 'em then beat 'em
You can't follow 'em then lead 'em
They said I'd never make it but I didn't believe 'em
Yeah I'm still breathing, I'm here and I'm not leaving
Even if the ground crumbles and the sky falls
I will never give up, I just give it my all

Even if the ground crumbles and the sky falls
I will never give up, I just give it my all

[Verse 2]

This my word and my balls y'all heard my call
Now I got you looking at me with your third eye ball
Check the visual for those of you who thought I was dispensable
You ought to know by now that DISL energy's invincible
I been this way since I came to the physical
I built myself by going against the grain like a crystal skull
It gets difficult but I ain't ever quitting
My return was biblical they said that it was written
I'm no longer a victim my enemies I've forgiven
I do my own bidding by the will of self I'm driven
I'm living, loving every moment manifesting destiny
Not giving up or folding with a two and seven dealt to me
Every hands a winning hand if you know how to play it right
How could I be scared of dying if I ain't afraid of life?
Hold on man I think I better say it twice
How could I be scared of dying if I ain't afraid of life?

[HOOK]

This the sound of freedom, can't join 'em then beat 'em
You can't follow 'em then lead 'em
They said I'd never make it but I didn't believe 'em
Yeah I'm still breathing, I'm here and I'm not leaving
Even if the ground crumbles and the sky falls
I will never give up, I just give it my all
Even if the ground crumbles and the sky falls
I will never give up, I just give it my all

How to Format Lyrics:

Type out all lyrics, even repeating song parts like the chorus

Lyrics should be broken down into individual lines

Use section headers above different song parts like [Verse], [Chorus], etc.

Use italics (<i>lyric</i>) and bold (lyric) to distinguish between different vocalists in the same song part

If you don't understand a lyric, use [?]
